James Gardner	21	85	Full Gardner Lift 56 Half Gardner Lift 78
Agnes MaCinally	49	60	Stiff Leg D/Lift 100

A word from the Promoter :

It was a good day to be inside because it was raining cats and dogs outside. We had 21 lifters on the platform and witnessed some really excellent and some unusual lifts and performances. It was nice to see Barry Anderson and Steve Angell lifting, both having had more than their fair share of injury problems recently, and it was nice to have a team down from Scotland . I would like to thank Peter Cokayne and Sean Gosling for stepping in and helping out as loaders throughout the whole day. There was a really good crowd watching the event which made a nice atmosphere, a really typical IAWA (UK) competition - great atmosphere, good lifting and lots of encouragement and support, what more could you ask for?

Best Wishes to all, keep training and stay strong! **Steve Gardner (IAWA President)**
