Mc / Recorder : Steve Gardner **Referees :** Frank Allen Mark Shaw Chris Bass

Overall Best Lifter : 1st Gerry Davidson 2nd Andy Goddard 3rd Karl Davidson
4th Steve Gardner 5th Graham Saxton

A word from the Promoter

Thirteen lifters weighed in for the contest, an even mix of new and experienced lifters. Running the competition in two flights of 7 and 6, the whole event was over and done by 3pm. There was some excellent lifting, and with a bit of luck Karl will have taken some good shots with his digital camera, so keep your eyes on the website. Ten of the thirteen lifters were from the home club at Burton, with Elliot Laban lifting in his second competition, Peter Cokayne in his third and Colin Hughes in his fourth. At the other end of the scale there was Gerry and myself with far too many competitors to remember (if I told you how many competitions I have lifted in over the past 26 years, you would just say I don't look old enough) Ha Ha (Karen doesn't agree). There were some good records set and broken on the day, and the new lifters were all terrific, Elliot lifted well, Peter had a good deadlift, and Colin set new personal bests in the squat and deadlift. The three girls put up some fine performances too, though Mel Laban was wearing the biggest grin, she was smiling from ear to ear, having pulled off three personal bests and new records. Mandy Hughes put up the best amended total from the ladies, with Gerry Davidson taking the overall best amended lifter spot. Tom Rowbotham was the only lifter to get 9 good lifts from the 9 attempts. It was a very pleasant competition, all of the lifters loaded and acted as catchers for each other, and that spirit of friendliness and support is what IAWA is all about
